

**ROSE MARIE ESPINOZA  
COUNTY SUPERVISOR, 4TH DISTRICT**

Ballot Designation: Orange County Housing Commissioner/La Habra Councilmember

16 years ago I founded Rosie's Garage, an after school tutoring program that gave kids a safe harbor from gangs and crime. This common sense program was collaboration by neighbors and no taxes were raised to accomplish our goal.

My leadership in developing Rosie's Garage, has been described as a prime example for communities nationwide.

Today, I see important needs that are being ignored. Healthcare, transportation, education and public safety, these are the things Orange County government should be working to improve.

Public health needs to be a priority, especially access to emergency rooms and protection against the outbreak of diseases like West Nile Virus and Influenza.

Orange County has some of the worst traffic congestion in the country and the 91 is unbearable - we need relief from traffic congestion and we need it now.

I am a well known bridge builder and I get results because I respect people and I listen. With your help I will work to ensure county government rededicates itself to you, the resident.

I humbly ask for your vote for Orange County Supervisor, 4th District.

Respectfully,

Rosie Espinoza
